

“Gaited” Dressage Clinic

April 10th and April 11th, 2010

Why would gaited horse owners be interested in dressage for gaited horses? Riding in harmony with your horse, having a flexible, supple horse, and being a partner with your horse is beautiful. Basic dressage training can apply to all riding.

Claudia Coombs from Green Ridge Farm, North Carolina, is a nationally known clinician who specializes in gaited horse dressage. She will be conducting 2 clinics, one in Port Orchard on April 10th and one in Enumclaw on April 11th from 8:00 am – 5:00pm.

Pre Registration is required. One day Clinic cost is \$75.00. This is a specialized clinic with individual hour lessons and space is limited to **6 horses and riders each day**. No limit on attendees if you are coming to audit the clinic. Audit fee is \$20.00 per day. Cost includes lunch but there is a haul in fee for your horse. For more information, Contact Deborah Howard at 360-895-4158
Registration deadline is April 5th, 2010
